May 4, 2010

Honorable D. Scott Daniels
Presiding Judge of the Superior Court
Solano Superior Court
600 Union Avenue
Fairfield, CA 94533

Dear Judge Daniels:

This is in response to the February 5, 2010 letter from the Solano County Grand Jury, which transmitted a copy of the 2009-2010 Grand Jury Report entitled, California Department of Corrections and Rehabilitation Delta Conservation Camp. The California Department of Transportation (Caltrans) is pleased to respond to the Findings and Recommendations as follows.

Only Finding 2 and Recommendation 2 of the report apply to Caltrans. Finding 2 states; "Although work has begun on the intersection of Highway 12 and Lambie Road, the intersection is still a serious safety problem." Recommendation 2 states: "The project for correcting the design of the intersection which includes a left turn lane onto Lambie Road from East Bound Highway 12, and a right turn lane to accelerate onto and merge with West Bound Highway 12, should be expedited".

We initially note that the project described in Recommendation 2 does not include an acceleration lane. As to expediting the project, we are pleased to report that work will begin this month and that the completion date has been advanced from October 2011 to October 2010. A left turn pocket from eastbound Highway 12 onto northbound Lambie Road will be built, and the intersection will also be widened to provide additional sight and acceleration distances.

If you have any questions or further concerns, please contact me at 510-286-6345, or Mr. Roland Au-Yeung of the Office of Traffic, at 510-286-4560.

Sincerely,

S. SEAN NOZZARI
Deputy District Director
Traffic Operations
