Re: 2009-2010 Grand Jury Report Entitled:
Solano County High School Restroom Maintenance
Report Date: March 19, 2010

Honorable Judge Daniels:

I hereby acknowledge receipt of the above-titled report. I have reviewed and agree with your findings. I want to thank you for your positive comments regarding the condition of the Armijo restroom facilities and the cooperation you received from our staff members during your investigation.

I also reviewed the courtesy copy of the report titled "Solano County Juvenile Hall," and would like to comment on two recommendations:

Recommendation #2. *A procedure should be established with the County Office of Education and the Fairfield/Suisun Unified School District for the G.E.D. test to be administered as needed.*

Comment: I want to assure you that, as always, we stand ready to cooperate with our County Office of Education to help our students in any way possible.

Recommendation #4: *A large number of juveniles require Special Education. There are only two special education teachers to comply with all Individual Education Plans (IEPs).*

Comment: We will raise this issue with our Special Education Local Planning Agency (S.E.L.P.A.)

Respectfully,

Jacki L. Cottingim-Dias, Ph.D.
Superintendent
